Athens

Our strength is people.

In any business, there is a fundamental attitude toward men and machinery.

At Dofasco, men and women come first. Machines are there to help them do their job.

That attitude—that people count more than machinery—is one reason Dofasco has grown from a small Canadian Foundry with twelve workers into Canada's second largest steel producer, a multi-million dollar complex with ten thousand employees and several subsidiaries.

That attitude is also one reason Dofasco annually attracts some of the most dedicated high school, college, and university graduates as new employees.

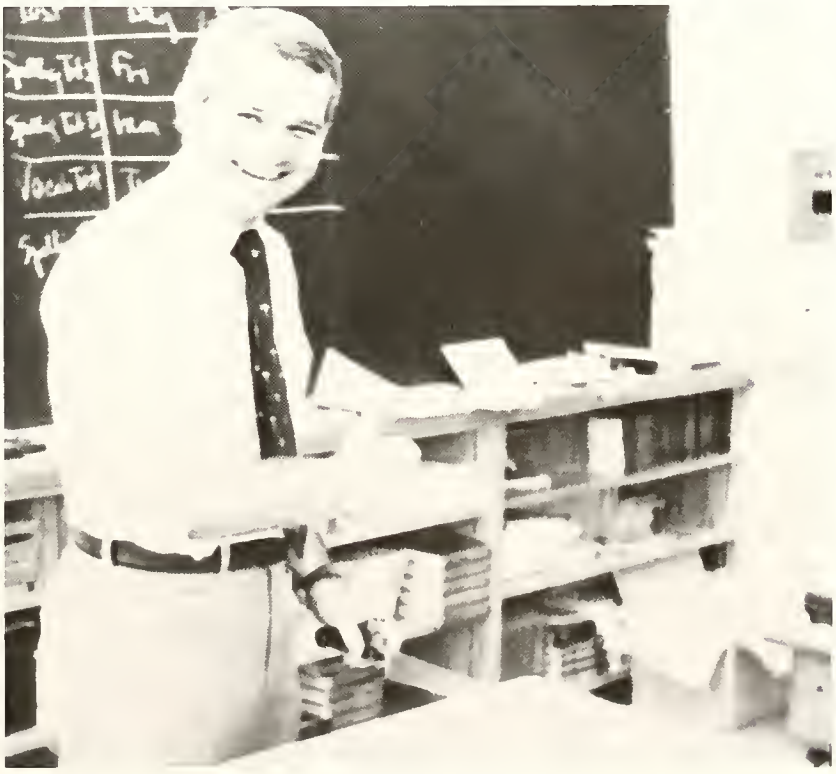
Our product is steel. But our strength is people. And not only do we say that in all our public messages. We practice it. Everyday. Just as we have for the past sixty-two years.

DOFASCO

Our product is steel. Our strength is people.

And remember, Mr. Ruddle's classes are NOT B-O-R-I-N-G!

Hi, Rob!



We all love you, Sir!
